

The Sundance Hamilton Spa.

Whether you live on a windswept shore or a sunny suburban street, the versatile Hamilton spa will make you feel right at home. Big enough to welcome family and friends, it's also ideal for a solo spa hydrotherapy session. The therapy lounge and the Accu-Ssage spa therapy seat each provide a deeply relaxing massage, while side-by-side seating lets the two of you enjoy soothing neck massages delivered by SMT Micro Adjustable jets. When night falls, the bubbling water glows with SunRay LED lighting, which includes light rings around the spa's air control. The multicolor light can even be "frozen" on one shade to achieve the effects of chromatherapy, the healing energy of color and light. For sheer fun, unparalleled hot tub hydrotherapy, and a luxury look, explore the Hamilton. [Request a free, full color brochure to learn more about our full line of spas.](#)
