

One of the best in-ground hot tubs, perfectly sized.

The Marin in-ground spa captures the spirit of California's Marin County, a favorite getaway for locals. This popular size spa has six different types of jets that produce soothing, calming, invigorating, and healing massage types. Relax in what is among the finest hydromassage seats in the industry, the Accu-Sage therapy seat. You can add SunScents to the SilentAir injection system to experience aromatherapy as you soak. The Marin is easy to care for, too, thanks to MicroClean Plus filtration. [Find the ideal in-ground hot tub for you and your family.](#)
